6 PUTTONYOS 2013

"This single varietal botrytized wine is well done, impeccably balanced, persistent and lingering on the finish. Never cloying, it is filled with apricot and peach flavors, but it's a little stern on opening. A day in the fridge changes that, allowing it to blossom and become far more expressive. Both lively and rich. It is also pretty delicious. This should age well for a couple of decades."
