Give the gift of a dining experience at the Sauska Winery! Enjoy our seasonal bistro menu designed by Chef Attila Bicsár along with an extensive selection of Sauska wines including lovely Tokaj bubbles, dry still whites and amazing botrytized wines. Our friendly and knowledgeable local staff is looking forward to serving you! Here is how to use the certificate: - Please provide us your gift card number at the reservation. - Please bring your certificate, your "currency" at payment. - Would you like you to purchase wine at the restaurant at a special cellar price instead of dining? Yes, it is possible. - Should you spend less than the value of your certificate, we are unfortunately unable to compensate you. - Converting the value of your certificate to cash is unfortunately also not possible. Thank you for your understanding and looking forward to welcoming you in Villány! More about us: <https://sauska.hu/en/restaurant>
